

10 June 1966

NOTE FOR:

25X1C

SUBJECT : Response to your Query from on China's
Scientific Manpower

25X1C

1. The report issued by the Science Foundation which you asked us to comment on is considered by our Office of Scientific Intelligence (OSI) to be a valuable compilation of data on its subject. For your information, OSI reviewed the draft report and commented on it prior to its publication. They have a slight disagreement with the conclusions of the report but consider this unimportant when weighed against the data contained therein.

2. Regarding your query on reports concerning Communist China's scientific manpower - at our request the Scientific Intelligence Committee has approved release of a report on this subject to and it should be ready in about a week for you.
